

MAINTENANCE & SERVICE

Like most of the services we provide, KES Maintenance Contracts are never 'off-the-shelf' but tailored to suit each customer's individual needs. The contracts offer servicing and completion of the Safety System Logbooks on a regular basis and are carried out to comply with the IET Regulations and British Standards.

Kestrel Electrical Systems works both independently and also in partnership with major contractors and local authorities specialising in providing a comprehensive range of services.

These include:

- Electrical Installation
- Fire Alarms
- CCTV Systems
- Door Entry Systems
- Access Control System
- Electrical Inspection
- Maintenance Contracts
- Services Contracts
- Portable Appliance Testing
- Nurse & Warden Call Systems
- Preventative Maintenance & Repair
- 24 hour, 365 day emergency call-out

We offer the guarantee and confidence that all work carried out conforms to BS EN ISO 9001: 2008 & is NICEIC, ECA or BFC approved.
